

# **CCT Press Release:**

## **CCT offers new bus service in South West Cobb**

### **November 2009**

Cobb County transit users residing in South West Cobb County can look forward to starting the New Year with new transit service. Cobb Community Transit, Cobb County's public transportation system, announced that it is adding a new local bus route, Route 35, which will begin operating on Monday, January 4, 2010. Service begins at Wellstar Cobb Hospital, near the Austell Road / East West Connector intersection and ends at the MARTA Holmes Station.

Route 35 will provide 30 minute peak service and 60 minute off peak service. Bus schedules will be posted at all Route 35 bus stops and bus shelters so riders will know what time to expect the bus.

Rebecca Gutowsky, CCT Manager, is excited about this new bus service, "Route 35 offers a variety of destinations along its route; not only is there a connection to MARTA, there is also the opportunity to transfer to Route 30." Notable stops along Route 35 will include service to and from the South Cobb Government Services Center, Downtown Austell, Cobb Douglas Community Services Board, Chattahoochee Technical College (South Cobb Campus), Historic Mableton (including South Cobb Regional Library and the Mable House Amphitheater), Camp Timber Ridge, The Walk at Legacy, Lee Industrial District and Six Flags Theme Park, to name a few.
